

Sustainable Energy for Development to Reduce Poverty

NGO experiences from India, Nepal, South Africa

9th December, 2009, 13.00 - 14.30
Grey Room, Klimaforum'09, DGI-Byen, Copenhagen
NGO Side Event to UNFCCC COP15

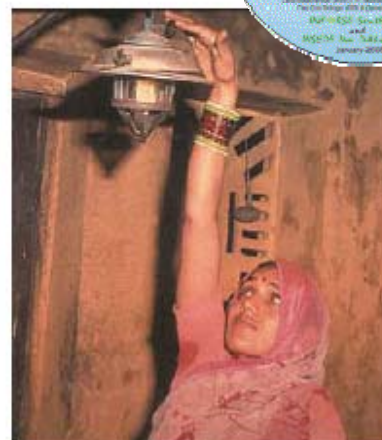

Workshop on local sustainable energy solutions to help development, to reduce poverty and improve livelihood.

Each speaker will present successes from his/her country and will answer the question:
how can a global climate agreement support local
sustainable energy solutions in his/her country?

Speakers:

- **Raymond Myles**, Integr. Sust. Energy & Ecological Dev. Association (INSEDA), India
- **Zareen Myles**, Women Action for Development (WAFD), India;
- **Ganesh Ram Shresta**, Centre for Rural Technology (CRT), Nepal;
- **Mabule Mokhine**, Earthlife Africa/The Greenhouse, South Africa,

Speakers are representing coordinators and members of
INFORSE, International Network for Sustainable Energy

INFORSE

International Network for Sustainable Energy
