

UNFCCC COP22 Side-event, Marrakech, Morocco

11 November 2016 - Time: 16:45 - 18:15 Room: Mediterranean

Improving NDCs: Ecovillage Development, Energy Access & Zero Carbon Societies in Africa, Asia & EU

How can local solutions in South and North lead to ambitious NDCs, provide energy access & improve livelihoods?

Nordic Folkecenter for Renewable Energy – INFORSE-Europe Session:

Transition to 100% Renewable Energy and Zero Carbon Economies with Local Solutions

- *Transition to 100% Renewable Energy with Local Actors in the Driving Seat. How can community power & other local initiatives contribute as solutions?*
By Preben Maegaard and Leire Gorroño, **Nordic Folkecenter for Renewable Energy, Denmark.**
- *Transition to Zero Carbon - how we can make it happen in the UK, based on new report.*
By Paul Allen, **Center for Alternative Technology, Wales, UK.**
