Webinar:

The Power of Energy Communities: Turning Rights into Reality Across Europe!

Date: April 23rd, 2020

9:00 AM – 11:00 AM, via zoom

Description:

Spread the news! – You now have the right to produce, trade, sell, store and own your own renewable energy! The EU legislation on renewable energy (renewable energy directive RED II) gives communities and individuals the right to generate, store, consume and sell their own energy. These energy rights are transformational and absolutely essential for a decentralized and renewable energy supply. But the rights have to be implemented in national laws to make it happen. How can the power, expertise, motivation and will of energy communities across Europe be united to push for the implementation of the renewable energy directive? Different methodologies, experiences, success factors and barriers from Denmark, Poland, Germany and Turkey are presented and discussed.

Facilitators:

Anja Ruehleemann, Women Engage for a Common Future WECF, Katharina Habersbrunner, WECF and Bündnis Bürgerenergie

Speakers:

- GER - WECF: Katharina Habersbrunner - board member
- PL – Społeczny Instytut Ekologiczny/Polish Green Net: Joanna Furmaga - president
- TR – Troya Energy Cooperative -Nazan Unverir - lawyer, chairwomen
- DK - INFORSE-Europe: Gunnar Boye Olesen – coordinator

Registration:

You are invited to a Zoom meeting.

When: Apr 23, 2020 - 9:00 AM Amsterdam, Berlin, Rome, Stockholm, Vienna.

Register in advance for this meeting: Send email to js@inforse.org. We will send you a registration link. After registering, you will receive a confirmation email containing information about joining the meeting. The webinar will be in English language.

The participation is free of charge. The webinar is organised in the framework of the Project “THE POWER OF ENERGY COMMUNITY”, which is financially supported by the EC Erasmus+ programme
