

Sustainable Energy Contacts Worldwide - 2001 (Excl. Europe)

The Contact List is published in 2 parts every year in Sustainable Energy News. This part of the Contact List includes 500 organisations working with renewable energy, energy efficiency, and sustainable energy development. The European Contact List was published in Sustainable Energy News No. 32, February 2001.

Please check if the information about your organisation is correct. Proposals for other entries to the list are welcome.

The INFORSE Secretariat, August, 2001.
